EXPERIENCE

2015 - Present

CEO & Lead Developer - Astranno

2017/2018

Delivery Expert - Domino's

Deliver pizza from the store to the customer in a timely
manner while meeting standards in customer service.

2016/2016

Customer Sales Associate - Men's Wearhouse

Handle the rental side of the business. Renting tuxedos and
suits to wedding parties, school dances, and occasionally for
the military ball. Sales experience gained.

2014/2016

Team Member - KFC / TacoBell

Run the TacoBell line for both Inside and Drive-Thru.

Projects

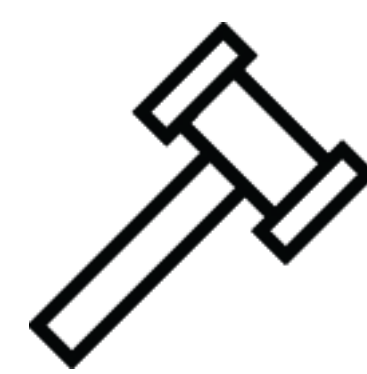

See more on my GitHub

CarCare - iOS App

CarCare is an iOS application the notifies the user when
it's time to give their car an oil change. Notifications are
determined by a calculation that takes in the average
amount of miles a user drives a year, and the miles they
want between oil changes.

Wi-Fi Connect - iOS App

Wi-Fi Connect removes the need to ask friends for Wi-Fi
passwords. Instead, it uses a friends system. Become
freinds in the app and then you can connect! Wi-Fi
connect makes connecting to the internet faster, more
secure, and more efficient when compared to today's
methods.

Education

DevMountain / 2018

iOS Immersive
Salt Lake City, Utah

Washington State University / 2016-2017

Computer Science & Philosophy
Pullman, Washington

SKILLS

Swift

Objective-C
